

Harmony and Stanford Multifuel Stoves

Rule of thumb room sizing:

Harmony and Stanford 13 5kW nominal

| | |
|-------------------------|--------------------|
| Poor insulation Wood | 50m ³ |
| Average insulation Wood | 75m ³ |
| Good insulation Wood | 87.5m ³ |

3.5kW nominal

| | |
|------------------------|-------------------------------------|
| Coal 35 m ³ | |
| Coal 50 m ³ | Only H/S13 tested for wood and coal |
| Coal 70 m ³ | |

Harmony and Stanford 23 6kW nominal

| | |
|--------------------|--------------------|
| Poor insulation | 60 m ³ |
| Average insulation | 90 m ³ |
| Good insulation | 120 m ³ |

Harmony and Stanford 33 8kW nominal

| | |
|--------------------|--------------------|
| Poor insulation | 80 m ³ |
| Average insulation | 120 m ³ |
| Good insulation | 160 m ³ |

Harmony and Stanford 43 10.5kW nominal

| | |
|--------------------|--------------------|
| Poor insulation | 105 m ³ |
| Average insulation | 155 m ³ |
| Good insulation | 210 m ³ |

Harmony I and Stanford 80 9kW nominal

| | |
|--------------------|--------------------|
| Poor insulation | 90 m ³ |
| Average insulation | 135 m ³ |
| Good insulation | 180 m ³ |

Harmony III and Stanford 140 12kW nominal

| | |
|--------------------|--------------------|
| Poor insulation | 120 m ³ |
| Average insulation | 177 m ³ |
| Good insulation | 240 m ³ |
